Note: Items 1, 2, and 3 below are in compliance with NIH NOT-OD-06-054, available at:
<http://grants1.nih.gov/grants/guide/notice-files/NOT-OD-06-054.html>

1. **The information submitted within the proposal/application is true, complete and accurate to the best of my knowledge;**
2. Any false, fictitious, or fraudulent statements or claims within the proposal/application may subject him/her *personally* to criminal, civil, or administrative penalties;
3. He/she agrees to accept responsibility for the scientific conduct of the project and to provide the required progress reports to the sponsor if a grant is awarded as a result of the proposal/application;
4. **If the sponsor is [listed here](#), (i.e., following PHS COI regulations), the Principal Investigator/ Project Director, and all Investigators (with responsibility for the design, conduct, or reporting of research) on this project, each have completed (1) the [on-line educational training requirement](#), as well as (2) the [on-line financial interest disclosure](#);**
5. He/she will comply with sponsor and university policies and regulations;
6. He/she has read, and he/she is or will be in compliance with and abide by all the items included in the [Data Sheet Instructions](#);
7. The reasonableness of the kinds and levels of resources proposed and overall funding for the budget included for any subawardee(s)/ subcontractor(s) listed in the proposal;
8. That he/she has examined the proposal for completeness and accuracy (including the truthfulness of the scientific claims made, biographical data, and budget estimates), and explicit acknowledgment has been given to those who substantially contributed to the preparation of this proposal;
9. That he/she understands that willful provision of false or misleading information can subject the investigator and the University to severe monetary penalties;
10. That if the proposal is submitted to a Federal agency either directly or indirectly (i.e., through another organization), he/she and all Key Personnel are in compliance with applicable Federal financial disclosure regulations;
11. That if the proposal is submitted to a non-government organization that is not on the financial disclosure exemption list (see Section 7, above), he/she has completed and attached the state financial disclosure form (Form 700-U);
12. That he/she has read and will abide by the University policy on "Integrity in Research," dated June 19, 1990 (available at <http://www.ucop.edu/raohome/cgmemos/90-01S1.html>);
13. That if the proposal is submitted to a Federal agency either directly or indirectly through another organization, neither he/she, nor any person who will receive compensation under the anticipated award, is currently debarred, suspended, nor proposed for debarment from receiving Federal support for research. Further, he/she will notify Sponsored Programs if any person who will receive or is receiving compensation under the subject award is debarred or suspended from receiving Federal funds prior to the project's expiration date;
14. That if the proposal is submitted to a Federal agency either directly or indirectly through another organization, and if he/she or anyone funded by the project have engaged in any lobbying efforts for this project, he/she has done so on their own time and at their own expense and have not used any federal funds for this purpose. Further, if lobbying activities related to this project have been paid from a non-federal source, he/she will complete and submit Standard Form LLL, Disclosure of Lobbying Activities;
15. That if this project involves human subjects, he/she has read and will abide by and will ensure that those working on this project abide by applicable University and federal policy on the protection of human subjects;
16. That if this project will involve laboratory animals, he/she has read and will abide by and will ensure that those working on this project abide by applicable University policy on the care of laboratory animals;
17. That all direct charges to the contract or grant directly relate to the activity supported and are reasonable and allowable; that expenditures are consistent with all special terms, conditions, or limitations that apply to expenditures under the particular contract or grant; and that expenditures do not exceed the total funds authorized for a given period under the contract or grant. (In many cases the contract or grant may also specify expenditure limits by budget category or line item);
18. That he/she will be accountable for deficits or disallowances that occur under a contract or grant in accordance with campus procedures;
19. That he/she will keep adequate records related to the activities on this project and is aware that all such records, including laboratory notebooks, are the property of the University;
20. That if this proposal contains any information that needs to be kept confidential by federal or other reviewers and administrators, he/she has marked such information appropriately;
21. That if this project will involve patient records, he/she will keep such records confidential;
22. That if this project involves nonexempt use of recombinant DNA molecules, he/she will ensure that the research will be approved by the relevant campus biosafety committee;
23. That if the proposed research involves the taking, importation, or use of protected marine mammals, or any endangered or threatened species, he/she will comply with the applicable federal and/or state regulations and obtain the necessary permits and authorizations;
24. That he/she will comply with all applicable University policies for the conduct of research involving biohazards, carcinogens, hazardous or toxic wastes, or controlled substances;
25. That he/she will comply with all applicable University policies regarding nondiscrimination;
26. That if this is a proposal that will result in a contract under which he/she will provide technical advice to the federal government, then he/she does not believe that performance of this service will give him/her an unfair advantage in competing for other government contracts, nor does he/she believe that he/she will be unable to render impartial advice or assistance;
27. That if this is a proposal that will result in a federal contract in excess of \$100,000, he/she has not employed or retained any person or company to solicit or obtain this contract;
28. That if this is a proposal that will result in a federal contract in excess of \$100,000, he/she has not offered any gift, discussed any job offer, or solicited any proprietary information or source selection information from any federal official who is involved in awarding this contract;
29. That he/she is eligible to be a Principal Investigator on a UC Davis project;
30. That the salaries included in the proposal budget are in compliance with UC salary scales (see Academic Personnel Manual and Staff Salary Scales Manual);
31. That the employee benefits budgeted in the proposal are either based on actual benefits rates or campus composite rates, exclusive of leave accrual;
32. That either applicable federally-negotiated indirect (F&A) cost rates have been used or an approved waiver is currently on file or has been requested for the F&A rate used in calculating the budget;
33. That graduate student fee remission and/or non-resident tuition, if allowable, has been included for eligible Graduate Students assigned, or expected to be assigned, to the project in accordance with campus policy;
34. That the cost of living adjustments do not exceed recommended levels, or if they do they have been adequately justified;
35. That the sponsor or an agent acting on behalf of the sponsor will have access to the facilities where the project is conducted, and be permitted to review technical and financial project records;
36. That he/she has the technical ability to conduct the project, and that research space, including any special utilities, transportation requirements, or facilities, is available to conduct the project and necessary approvals have been authorized; and
37. That each Co-Principal Investigator and Key Person listed on this project is aware that his/her names have been included in the proposal and that each is willing to provide support to the project.
