

# Submitting NSF Proposals in Research.gov

April 27, 2023

Research Administration Workshop

Presented by the

UC Davis Sponsored Programs Office

# Instructors

Alyssa Bunn  
Proposals Team Leader

Perry King  
Training Officer

Sponsored Programs Office (SPO)

# Learning Objectives

- Know how to determine the required elements of an NSF application
- Understand how to create an application in Research.gov
- Know where to find helpful resources

# Training Outline

- [Research.gov Overview](#)
- [Research.gov Lab](#)
- [Resources](#)

# NSF Proposal Submission Overview

Find NSF Funding Opportunity Announcements (FOAs) in a variety of ways:

- **UC Davis Finding Funding page**
  - **Weekly Research Funding Updates** (*click link on page above to subscribe*)
  - **Pivot**
  - **Grants.gov**
- **NSF funding website**

Read the FOA guidelines carefully

- NSF proposals must also abide by the **NSF Proposal and Award Policies & Procedures Guide (PAPPG)**

# NSF Proposal Submission Overview

Tools to assist with NSF proposal preparation:

- **IRS Research Development Toolbox** (in box.com): This has NSF templates for all common proposal elements:
- SPO checklists:
  - **Call for Proposals Checklist**: Helps extract key information from a call for proposals (2 pages)
  - **New Proposals Checklist**: Items to consider when you begin preparing a new grant proposal (4 pages)
  - **Proposal Preparation Checklist**: Assists with proposal preparation (1 page)
  - **Budget Justification Checklist**: Budget justification checklist (1 page)

# NSF Proposal Submission Overview

**First Step:** Route IPF (Internal Processing Form; i.e., “Proposal”) in **Cayuse SP** for internal approvals.

The certified (by PIs & Co-PIs) and authorized (by dept/dean’s office) IPF (internal processing Form) should be received by SPO **at least 5 business days before NSF deadline.**

Minimum Documents to be included with IPF for SPO Review/Approval:

- **Budget** (spreadsheet)
- **Budget justification**
- **Scope of Work** (may submit a draft and provide the final before submission to sponsor)

# Form 800

Required for **all NSF proposals**

Required for **all investigators**

Due **before** submission to NSF

## **Electronic Conflict of Interest (eCOI)**

Online Form Submission

<https://or-forms.ucdavis.edu/>

### **Form 800 (Non-PHS Government Sponsors/Human Subject Research)**

**Must be filed at time of proposal, annually, and/or within 30 days of acquiring a new outside financial interest.**

Required for all investigators (all persons who have responsibility for the design, conduct or reporting of the research). List of non-PHS government sponsors

Need Assistance? Email [or coi@ad3.ucdavis.edu](mailto:coi@ad3.ucdavis.edu)

# NSF Collaborative Proposals

**Collaborative proposals** are those in which investigators from two or more organizations wish to collaborate on a unified research project.

There are two methods to submit these to NSF:

- 1. Subaward:** A **single proposal** is submitted by the lead organization that includes subawards to non-leads.
- 2. Simultaneous Submission:** Simultaneous proposals are submitted from different organizations, each requesting a **separate award**.
  - The lead institution uploads the main documents and links the separate awards in Research.gov.
  - Non-leads provide their proposal #s to the lead (to link) and enter their own budgets and personnel documents.
  - NSF then funds these as **separate but linked awards**.
  - [NSF PAPPG guidelines re: Collaborative Proposals](#)

# What's Happened to FastLane?

- **NSF discontinued the use of FastLane** to submit proposals in January 2023.
- Letters of intent and proposals submitted (and in-progress) via FastLane **will not be transferred to Research.gov**. See Instructions to Access and Download/Print FastLane Proposals and Supplemental Funding Requests
- **FastLane Decommissioning Deadline**
  - **Friday, September 29, 2023** is the last day to:
    - Submit proposal file updates and budget revisions in FastLane (5pm local time)
    - Withdraw proposals submitted in FastLane (5pm local time)
    - Access FastLane submitted and in-progress letters of intent and proposals (11pm EST)

- Allows a user to **assist a PI** with proposal preparation (and more)
- The **PI must initiate the proposal** and provide the OAU with the **proposal ID number**

# Research.gov Registration

Users must have an NSF ID and be affiliated with UC Davis

- Each user can have **only one NSF ID**. Confirm you don't already have an NSF Account:
  - NSF account lookup: <https://www.fastlane.nsf.gov/researchadmin/nsfIdLookupRead.do> (*yes, still FastLane*)

There are only three roles available to prepare proposals: **PI (or Co-PI)**, **OAU**, and **Postdoctoral Fellow**

- **Register for an NSF account** at <https://www.research.gov/accountmgmt/#/registration> and select the appropriate role.
- Request affiliation using UC Davis's UEI number (*TX2DAGQPENZ5; found on SPO's [Institutional Information](#) page*).
- UC Davis **SPO will be notified** to approve and grant access.
- **To expedite the process:** SPO recommends you **email your name, (UCD) email address and NSF ID** (found under "My Profile"), to [spoerahelp@ucdavis.edu](mailto:spoerahelp@ucdavis.edu).

NSF page: [How to Register for an NSF ID](#)

# PI Responsibilities

In Research.gov, the PI is required to take the lead on a number of key activities:

- Initiating a proposal
- Adding OAUs to a proposal
- Sharing proposal with SPO
