How do we deal with the clinical trial accounts that are pending payments and may be in OD at the time of migration? Do we need to move the OD to a department account and then move it back after the migration?

Thank you!

08:49:20 From Yevgeniy Gnedash to Everyone:

Can you summarize the update to the form?

09:01:52 From Bea (Bridget) Rans Strong to Everyone:

For the MCA commitment form, they have reduced it to one page rather than 2 and is a bit more streamlined

Also, some areas autofill based on answers, such as the participating campus UEI, congressional district, and email for their awards inbox, which helps save a little bit of time on both sides
